SBC CLAMP FOR STEAM HOSE FITTINGS

Material: Malleable iron, stainless steel, brass

Clamp designed to assemble Steam Hose fittings on a hose.

Minimum and maximum diameters listed in the table, are only an indication for a clamp choice. Structure of the hose may vary so it is essential to check if the actual size of a clamp matches. Clamps should be regularly checked and tightened during operation

hose I.D. [inch]	hose O.D. [mm]		Number Of bolts
	min.	max.	
1/4	14	17	2
3/8	17.5	22	
1/2	20.5	24	
1/2	24	27

DEWATERING FITTING BAUER COUPLING

BAUER COUPLING-FULL SET

Bauer Coupling Rib Type

Size	2" TO 12"
Material	Galvanized Steel

Bauer Coupling Rib Type

Size	2" TO 12"
Material	NBR
